Members Survey

Help Us Serve You Better!

Global State of Business Analysis Report 2023

Key findings

The majority of survey respondents are aged 36 to 45, a shift from individuals aged 25 to 35 last year.

This year the average salary has increased by 4% for both women and men.

39% of respondents hold a master's degree, highlighting a significant number of business analysis professionals with advanced education.

The Americas and the Caribbean region leads in experience, with 25% of professionals boasting over 17 years of expertise.

Consulting and professional services top the list of industries offering higher salaries, at an average of \$92,273.

87% of respondents are likely or very likely to recommend IIBA membership to a colleague or friend.
